# **THE COMPUTER BULLETIN**

**INDEX TO VOLUME 14  
JANUARY to DECEMBER 1970**

The British Computer Society, 29 Portland Place, LONDON W1, England

*The Computer Bulletin*, published monthly, is registered at Stationers' Hall, London. The contents may not be reproduced, either wholly or in part, without permission

Subscription price per volume £4.50. Single copies 50p.

All enquiries should be sent to the Secretary-General at the above address

Papers submitted for publication should be sent to T. F. Goodwin at the above address. Intending authors should first apply for notes on the submission of papers, as the onus of preparing papers in a form suitable for sending to press lies in the first place with the authors

Opinions expressed in *The Computer Bulletin* are those of the authors and do not necessarily present the views of The British Computer Society or the organisations by which the authors are employed

© The British Computer Society, 1971

# AUTHOR INDEX VOLUME 14

Author	Title	Number	Page
Aleksander I.	Automata theory and the computer scientist	8	274
Andrew A. M.	A variant of modulus 11 checking	8	261
Ashill M. C.	BCS - Alterations to Articles	2	45
Ashill M. C.	BCS Council Elections 1970-1971: October 7 is AGM date	7	217
Atkinson M. P., Lister A. M. and Colin A. J. T.	Multi-access facilities in a single stream batch processing system	3	75
Barnes P. G.	Death of Mr Sydney Tasker - BCS Assistant Secretary 1958-65	8	257
Barney G. C. and Hambury J. N.	The components of hybrid computation	2	31
Blake C. C. and Leighton C. C.	Linking two alien digital computers via a British Standard interface	4	106
Briggs T.	Modulus 11 check digit systems	8	266
Campbell D. V. A.	A further contribution to the discussion of professional ethics	9	327
Campbell D. V. A.	A modulus 11 check digit system for a given system of codes	1	12
Charlton W. L.	The interaction of clerical and punching processes in data input	10	345
Clarke K. E.	A user's view of the United Kingdom time sharing industry	1	8
Colin A. J. T., Atkinson M. P. and Lister A. M.	Multi-access facilities in a single stream batch processing system	3	75
d'Agapeyeff A.	DATAFAIR 71 - The aim	9	331
Davison A. and Honey D. W.	The Liverpool congestion control scheme	12	407
Davison J. F.	A fast ALGOL compiler system for small jobs	6	187
Douglas A. S.	Is compatibility possible (and desirable)?	2	41
Franta W. R.	A note on storage allocation for the CDC 6600	1	10
Gibbons D. and Phipps J. G. W.	Design aims and principles for an integrated nominal ledger and costing system	6	179
Gould I. H.	Standards in data processing: the role of the BCS	7	238
Hambury J. N. and Barney G. C.	The components of hybrid computation	2	31
Hebditch D. L.	Programmable control units - a way forward in data communications	5	146
Honey D. W. and Davison A.	The Liverpool congestion control scheme	12	407
Hunt K. L. and Sammes A. J.	A small operating system in a military training establishment - Part II	7	236
Joubert G. R. and Stander L. Ottilie	A new approach to the presentation of computer science courses	10	342
Judd R.	Practical modular programming	1	4
Lansdown J.	The name of the game is . . . ?	9	303
Leighton C. C. and Blake C. C.	Linking two alien digital computers via a British Standard interface	4	106
Lendon J. C.	Business education and the computer professional	11	379
Lister A. M., Atkinson M. P. and Colin A. J. T.	Multi-access facilities in a single stream batch processing system	3	75
Mansfield H.	Computer and management information systems in American local government	5	149
Mansfield H.	Fire insurance in relation to cover for computer systems records	10	350
Meeker I.	The value of compatibility in real terms	5	153
Moriarty J. J.	'Mediscan' data processing system	7	222
Munro N.	On-line design of control systems	6	184
Nicholson J. F.	Computer Graphics finds its feet: £3 million exhibition	6	196
Nicholson T. A. J. and Pullen R. D.	The design of the SPUR production scheduling program	11	381
Notley M. G.	A graphical picture drawing language	3	68
Parkin A.	Systematic control of commercial projects	8	270
Phipps J. G. W. and Gibbons D.	Design aims and principles for an integrated nominal ledger and costing system	6	179
Pritchard A.	Statistical analysis of computer literature: a novel use for MVC	4	112
Pullen R. D. and Nicholson T. A. J.	The design of the SPUR production scheduling program	11	381
Rhodes J. J.	Modular planning and control	9	320
Sammes A. J. and Hunt K. L.	A small operating system in a military training establishment - Part II	7	236
Sharratt J. R.	Second BCS Factory Data Collection symposium over-subscribed	8	272
Sheahan D. T.	A contribution to the discussion of ethics	2	43
Simpson D.	The aptitudes of computer programmers	2	37
Smethurst B. and Thompson K.	Conversational databanking	5	140
Smillie K. W.	Statistical programs in APL/360	5	151
Standar L. Ottilie and Joubert G. R.	A new approach to the presentation of computer science to courses	10	342
Svensson C.	Banking applications	9	309
Thompson K. and Smethurst B.	Conversational databanking	5	140
Waller R. R.	DATAFAIR 71 - The computer industry	12	405
Willson L. F.	INSTANT ANSWERS - Southern Television's Real Time Computer system	9	298
Woodall A. D.	A rule mask technique for decision table translation	10	347
Yarwood J. K.	Towards machine-independent processors	7	219

# KEYWORD INDEX VOLUME 14

	Number	Page
The role of the Society - Mr d' Agapeyeff	11	370
BCS Council Elections 1970-1971: October 7 is	7	217
A fast ALGOL compiler system for small jobs	6	187
Presentation of alphameric characters for information planning	11	386
Computer and management information systems in American local government	5	149
The Annual General Meeting	9	293
Thirteenth Annual General Meeting	11	367
Statistical programs in APL/360	5	151
Banking applications	9	309
The aptitudes of computer programmers	2	37
BCS - Alteration to Articles	2	45
Articles of Association - suggested alterations	4	105
Computer audit packages	6	193
Computer audit packages proceedings	9	294
Automata theory and the computer scientist	8	274
We lead in on-line banking - Infotech	7	233
Banking applications	9	309
Multi-access facilities in a single stream batch processing system	3	75
Standards in data processing: the role of the BCS	7	238
Ad-hoc Committee proposals on BCS aims	7	218
BCS - Alteration to Articles	2	45
Death of Mr Sydney Tasker - BCS Assistant Secretary 1958-65	8	257
Successful BCS Conferences and Symposia	5	137
BCS conference for potential users of smaller installations	12	412
BCS Council Elections 1970-1971: October 7 is AGM date	7	217
BCS entry for research workers and older business	4	121
Second BCS Factory Data Collection Symposium oversubscribed	8	272
BCS moves to former embassy buildings	1	3
Many problems to be tackled - Lord Bessborough	11	369
Computer '70 - Outlook 'set fair' for BETA event	9	295
Deputy President for Bonn conference	3	79
Telecommunications must change says Lord Bowden	3	80
Computers for profit	3	80
Linking two alien digital computers via a British Standard interface	4	106
A note on storage allocation for the CDC 6600	1	10
National Diploma and Certificate Courses	12	411
Professor Douglas - Chair of Computational Methods	1	3
Presentation of alphameric characters for information planning	11	387
A modulus 11 check digit system for a given system of codes	1	12
Modulus 11 check digit systems	8	266
A variant of modulus 11 checking	8	261
The Computer Journal - restriction of circulation	1	3
Computing in the City - pitfalls and prospects	7	227
The interaction of clerical and punching processes in data input	10	345
Code of Conduct	3	81
A modulus 11 check digit system for a given system of codes	1	12
Systematic control of commercial projects	8	270
Sub Committee D - final sessions	7	234
Sub Committee D - Mr Wedgwood Benn gives evidence	6	189
Sub Committee D - users have their say	5	155
Select Committee investigates our industry in the 1970's	3	78
Ad-hoc Committee proposals on BCS aims	7	218
Implementation of the Ad-hoc Committee's recommendations	11	373
The value of compatibility in real terms	5	153
Is compatibility possible (and desirable)?	2	41
A fast ALGOL compiler system for small jobs	6	187
The components of hybrid computation	2	31
Professor Douglas - Chair of Computational Methods	1	3
American local government Computer and management information systems in	5	149
Hazardous noise levels in computer labs.	10	351
Statistical analysis of computer literature: a novel use for MVC	4	112
A new approach to the presentation of computer science courses	10	342
Automata theory and the computer scientist	8	274
Computer '70 - outlook 'set fair' for BETA event	9	295
Computing for the smaller user	8	260
Computing in the City - pitfalls and prospects	7	227
Code of Conduct	3	81
Successful BCS conference for potential users of smaller installations	12	412
Computers for profit conference: Telecommunications must change says	3	80
BCS Conferences and Symposia	5	137
The Liverpool congestion control scheme	12	407

	Number	Page
Modular planning and control	9	320
The planning and control of large programming projects	8	260
The planning and control of large programming projects	10	339
The Liverpool congestion control scheme	12	407
On-line design of control systems	6	184
Programmable control units – a way forward in data communications	5	146
Conversational databanking	5	140
and principles for an integrated nominal ledger and costing system	6	179
Design aims	3	67
Reports from Council	7	217
BCS Council Elections 1970-1971: October 7 is AGM date	6	177
Reports from Council, Spring meeting	9	293
Reports from Council, Summer meeting	10	342
A new approach to the presentation of computer science courses	12	411
National Diploma and Certificate Courses	10	350
Fire insurance in relation to cover for computer systems records	7	224
A lunch-time look at CS computing	5	146
Programmable control units – a way forward in data communications	10	345
The interaction of clerical and punching processes in data input	7	222
'Mediscan' data processing system	7	238
Standards in data processing: the role of the BCS	5	140
Conversational databanking	8	258
DATAFAIR 71	9	331
DATAFAIR 71 – The aim	12	405
Datafair 71 – The computer industry	10	347
A rule mask technique for decision table translation	11	376
Professor A. S. Douglas elected Deputy President	3	79
Deputy President for Bonn conference	6	179
Design aims and principles for an integrated nominal ledger and costing system	6	184
On-line design of control systems	11	381
The design of the SPUR production scheduling program	4	106
Linking two alien digital computers via a British Standard interface	12	411
National Diploma and Certificate Courses	11	374
Explanatory notes on the disciplinary structure	1	3
Professor Douglas – Chair of Computational Methods	11	376
Professor A. S. Douglas elected Deputy President	1	3
Educational Yearbook	2	43
A contribution to the discussion of ethics	9	327
A further contribution to the discussion of professional ethics	8	273
The Society Examination – April 1970	2	50
1970 Examination dates	2	49
The Society Examination – Part II Specimen Papers 1969	11	375
The Society Examination – Report by the Chairman on the Examination	10	344
The Society Examination Syllabus	2	50
Exemptions from the Society Examination	6	196
Computer Graphics finds its feet; £3 million exhibition	8	272
Second BCS Factory Data Collection symposium oversubscribed	10	350
Fire insurance in relation to cover for computer systems records	9	303
The name of the game is . . . ?	7	226
Professor Stanley Gill joins software house	3	68
A graphical picture drawing language	6	196
Computer Graphics finds its feet; £3 million exhibition	11	373
Tribute to Lord Halsbury	2	48
Lord Halsbury speaks on computer privacy	3	84
The Society's First Honorary Fellows	10	340
Four more Honorary Fellowships awarded	5	138
St Patrick's Night housewarming for the Society's new headquarters	2	31
The components of hybrid computation	7	232
Impressive shows at the IEA	11	373
Implementation of the Ad-hoc Committee's recommendations	6	197
Growth forecast for computer service industry	12	405
Datafair 71 – The computer industry	3	78
Select Committee investigates our industry in the 1970's	4	114
Our industry in the 1970's – the probe continues	11	386
Presentation of alphameric characters for information planning	9	298
Computer System	10	350
Fire insurance in relation to cover for computer systems records	4	106
Linking two alien digital computers via a British Standard interface	1	3
The Computer Journal – restriction of circulation	3	68
A graphical picture drawing language

V. J. Calderbank	A Course in Programming in Fortran IV	P. Whitehead
G. D. Brown	System/360 Job Control Language	A. J. Jones

<i>Author</i>	<i>Title</i>	<i>Reviewer</i>
NUMBER 11, Page 391		
D. H. Sanders	Computers and Management/Text and Readings	G. P. D. Morris
H. Y. Chang, E. G. Manning and G. Metze	Fault Diagnosis of Digital Computers	D. B. G. Edwards
T. F. Fry	Computer Appreciation	V. E. Brian
R. L. Martino	Management Information Systems	P. Losty
B. V. de G. Walden and A. A. M. Veenhuis (Editors)	Working Papers of the IFIP Seminars on ADP, Volumes 1, 2, 3 and 4	E. L. Willey
B. V. de G. Walden and A. A. M. Veenhuis (Editors)	File Organisation	E. L. Willey
P. G. Moore and S. D. Hodges (Editors)	Penguin Modern Management Readings/Programming for Optimal Decisions	S. Vajda
T. E. Hull and D. D. F. Day	Introduction to Computers and Problem Solving	C. M. Reeves
A. G. Butkovskiy	Distributed Control Systems	P. H. Hammond
H. P. Cemach	Work Study in the Office	H. W. Gearing
S. I. Gass	An Illustrated Guide to Linear Programming	L. G. Proll
C. McMillan Jr.	Mathematical Programming	E. M. L. Beale
NUMBER 12, Page 421		
D. J. Evans (Editor)	Software 70	P. A. Samet
M. Kennedy and M. B. Solomon	Ten Statement FORTRAN Plus FORTRAN IV	A. C. Day
M. Faiman and J. Nievergelt (Editors)	Pertinent Concepts in Computer Graphics	R. D. Parslow
E. Bürger	Four-Language Technical Dictionary of Data Processing, Computers and Office Machines	I. H. Gould
I. Aleksander	Introduction to Logic Circuit Theory	S. H. Lavington
J. Rose	Survey of Cybernetics	P. B. Fellgett
H.M.S.O.	Teaching Computing in Universities. A Report of a Joint Working Party	F. J. M. Laver
C. Camille and M. Dehaine	Dictionary of Data Processing, Volume 1	I. H. Gould
R. V. Jamison	Fortran IV Programming - Based on the IBM System 1130	W. J. Raitt

Sussex . . . . .	89, 174, 207, 399
Worcester . . . . .	63, 89, 125, 174
 From the Industry . . . . .	21, 55, 95, 127, 161, 209, 253, 283, 363, 401, 427

## VOLUME 14

	<i>Pages</i>
Letters to the Editor	
Numerical error . . . . .	19
P.O. Datel Modems . . . . .	19
Computers for Profit . . . . .	64, 122
ALGOL 68 . . . . .	64, 91
Display terminals . . . . .	89
Practical modular programming . . . . .	91, 281
Check digits . . . . .	91, 359
Modulus 11 check digits . . . . .	122
Aptitudes of computer programmers . . . . .	122
Mobility – or insecurity? . . . . .	122
Improving the BCS . . . . .	167
More points on ethics . . . . .	167
Other letters . . . . .	207
The Code . . . more points to ponder . . . . .	240
Cost of data input . . . . .	243
BCS Specialist Groups and 'Computers' . . . . .	281
Scope of Specialist Groups . . . . .	359
State of the Art – Real Time . . . . .	359
Mr Wild replies . . . . .	359
More about the code . . . . .	390
The AGM . . . . .	414
D. V. A. Campbell writes on three topics . . . . .	415
Modulus 11 . . . . .	415
Justice . . . . .	415

## Technical Division Reports

Advanced Programming . . . . .	244
Conference and Publications Liaison . . . . .	25
Display . . . . .	25
ECMA Standards . . . . .	27
FORTRAN . . . . .	93, 244
Local Government Technology . . . . .	93, 290
Medical . . . . .	26, 245
Medical (Scotland) . . . . .	27
PL/1 . . . . .	174
Rules for Specialist Groups . . . . .	27
Software workshop at Purdue . . . . .	25
